More Than Just Translation, A Partner in Your Reporting Process

Sustainability reporting isn't just another compliance task—it's a commitment to transparency, corporate responsibility, and global impact. But navigating the complexities of multilingual sustainability statements, **financial disclosures**, and **regulatory compliance** is a challenge.

At **BIG Language Solutions**, we become an extension of your team, working directly with your designers, auditors, and stakeholders to ensure a seamless translation process from start to finish.

Why BIG Language Solutions?

✓ Built for Compliance

Our translations align with **CSRD, GRI, SASB, TCFD**, and other sustainability reporting frameworks—ensuring accuracy and regulatory approval.

✓ Industry-Specific Experts

Financial and environmental specialists translate sections based on needed expertise, ensuring accuracy in **technical, legal, and sustainability language**.

✓ Seamless Collaboration with Your Design Team

We collaborate directly in your InDesign files, ensuring translations flow seamlessly into your layout without extra steps or disruptions.

✓ Full-Service Project Management

We don't just translate—we manage the process, anticipating revisions and working proactively with your teams.

✓ Custom Multilingual Glossaries

We create dedicated glossaries based on EU-mandated terminology and your company's preferred language for consistency across reports.

✓ Fast, Predictable Turnaround

Consistently delivering complex, high-volume reports on time, even under tight deadlines.

✓ Real-Time Support

Available **9 AM – 9 PM CET Monday-Sunday** ensuring quick responses to last-minute updates.

Beyond Compliance, Complete ESG Communication Support

In addition to regulatory sustainability statements, we translate:

Investor Reports & Annual Reports

**Sustainability and ESG Content
for Marketing and Websites**

Press Releases & Corporate Messaging
